

**Fidessa partners with key brokers to provide
pan-ASEAN trading service**

Offers immediate access for Fidessa community to trade all ASEAN markets

Hong Kong, 15th April 2013 – Fidessa group plc (LSE: FDSA) has today announced that it has partnered with a number of key Asian regional brokers to provide a simple, immediate one-stop-shop trading service for all ASEAN markets. The partnerships, with CIMB, DBS Vickers, Maybank Kim Eng, OCBC Securities, Philip Securities and UOB Kay Hian, make it possible to trade across the whole of the ASEAN region from a single connection to Fidessa's global trading network. The service is available now for use by Fidessa's extensive global community of buy-side and sell-side firms.

Jean-Pierre Baron, Managing Director for Fidessa Asia-Pacific, said: "Global firms are looking for a service that gives them low cost, low risk, low maintenance access across ASEAN markets, and are turning to the Fidessa network to connect to local brokers who can do just that. In this way, we are facilitating greater access to some of the world's most dynamic emerging marketplaces."

"This is an important time for South East Asia, as individual markets within the ASEAN region are proving increasingly attractive to international investors," continued Baron. "For example, with a population of 244 million and a GDP in the region of US\$1 trillion¹, Indonesia is recognised as one of the world's fastest growing emerging economies. The Philippines Stock Exchange has started to offer direct market access, encouraging more advanced trading. Members of the Fidessa network can easily access these important destinations and work with brokers that have local knowledge, which in turn enables them to operate more efficiently and provide a better client service."

Fidessa's global FIX network currently connects around 3,500 buy-sides to 750 brokers across 200 execution venues covering all asset classes, and carries order flow of around US\$850 billion each month.

About Fidessa group

Exceptional trading, investment and information solutions for the world's financial community.

New technology, new regulation, new challenges: making money in today's financial markets is all about staying ahead of the curve. Having the capability to spot new trends and act fast turns change into opportunity. That's why 85% of the world's premier financial institutions trust Fidessa to provide them with their multi-asset trading and investment infrastructure, their market data and analysis, and their decision making and workflow technology. It's also why \$10 trillion worth of transactions flow across our global network each year. Because we're the market leader, we can also offer unique access to the world's largest and most valuable trading community of buy-side and sell-side professionals, from global institutions and investment banks to boutique brokers and niche hedge funds.

Fidessa is a global business with scale, resilience, ambition and expertise. We've delivered around 25% compound growth since our stock market listing in 1997 and we're recognised as the thought leader in our space. We set the benchmark with our unrivalled set of mission-critical products and services and, uniquely, serve both the buy-side and sell-side communities. Ongoing investment in our leading-edge, integrated solutions ensures Fidessa remains the industry's number one choice.
