

## **Fidessa named Best Trading and Execution Technology Provider** *Receives accolade at CTA Intelligence US Awards*

17th February 2017 - Fidessa group plc (LSE: FDSA) today announced that it has received the award for Best Trading and Execution Technology provider for its trading platform at the 2017 CTA Intelligence US Awards. These awards recognise those CTAs and service providers that have demonstrated new, highly innovative product development over the past 12 months.

Fidessa provides an extremely versatile global trading solution for a wide range of client types, including CTAs. Among the many strengths to CTAs is a comprehensive suite of advanced trading tools (sophisticated algorithms, analytics and spreading tools) across global exchanges, as well as the ability to offer multiple workflows (DMA, care via desk) with fully integrated allocations and confirmation capabilities.

Justin Llewellyn-Jones, Fidessa's Global Head of Derivatives, commented: "We are always striving for excellence in the provision of trading and risk management capabilities that enable our customers to succeed in today's complex and cost-conscious trading environment. It is gratifying to receive validation that our ongoing investment in the platform continues to deliver what market participants need to remain competitive and differentiate themselves."

Scaling from single user execution support through to fully-integrated global order management, Fidessa's trading platform enables firms of all sizes to benefit from fully automated workflow for trading futures, options, exchange-traded strategies and UST. Fidessa also offers a global connectivity network of 715 brokers, 5,500 buy-sides and more than 60 derivatives markets.

## **About Fidessa group**

Exceptional trading, investment and information solutions for the world's financial community.

New technology, new regulation, new challenges: making money in today's financial markets is all about staying ahead of the curve. Having the capability to spot new trends and act fast turns change into opportunity. That's why 85% of the world's premier financial institutions trust Fidessa to provide them with their multi-asset trading and investment infrastructure, their market data and analysis, and their decision making and workflow technology. It's also why around \$20 trillion worth of transactions flow across our global network each year. Because we're the market leader, we can also offer unique access to the world's largest and most valuable trading community of buy-side and sell-side professionals, from global institutions and investment banks to boutique brokers and niche hedge funds.

Fidessa is a global business with scale, resilience, ambition and expertise. We're listed on the London Stock Exchange and recognised as the thought leader in our space. We set the benchmark with our unrivalled set of mission-critical products and services and, uniquely, serve both the buy-side and sell-side communities. Ongoing investment in our leading-edge, integrated solutions ensures Fidessa remains the industry's number one choice.
