Fidessa named Best Buy-side OMS at the 2018 Intelligent Trading Technology Awards

13th June 2018 - Fidessa group plc (LSE: FDSA) today announced that its Investment Management Solution (IMS) has been named Best Buy-side OMS at the Intelligent Trading Technology Awards. Now in their second year, these awards acknowledge excellence in trading technology within capital markets with the winners selected by the Intelligent Trading Technology readership and the Intelligent Trading Summit Advisory Board.

Fidessa's IMS operates seamlessly across business lines, geographies and asset classes enabling investment management firms to consolidate their investment process onto one robust end-to-end platform that delivers all the flexibility they require in today's highly competitive marketplace. Fully integrated with Fidessa's Portfolio Management System, Portfolio Studio, and award-winning compliance solution, Sentinel, the OMS provides highly automatable workflows using actionable market information to help asset managers of all sizes operate in today's increasingly complex and fast moving environment.

Commenting on the award, Richard Hooke, Buy-side Product Director at Fidessa, said: "Over the past year we have continued to invest heavily in our buy-side trading capabilities, not least in the significant development program we undertook to help our customers meet their obligations under MiFID II. We remain committed to using the best new technologies available to deliver significant performance gains and market-leading functionality and we are delighted that our efforts have been recognised by the industry practitioners we serve."

This latest award, presented at a ceremony in New York last night hosted by A-Team Group, is the fifth industry accolade for Fidessa's technology in 2018.

About Fidessa group

Exceptional trading, investment and information solutions for the world's financial community.

New technology, new regulation, new challenges: making money in today's financial markets is all about staying ahead of the curve. Having the capability to spot new trends and act fast turns change into opportunity. That's why 85% of the world's premier financial institutions trust Fidessa to provide them with their multi-asset trading and investment infrastructure, their market data and analysis, and their decision making and workflow technology. It's also why around \$26 trillion worth of transactions flow across our global network each year. Because we're the market leader, we can also offer unique access to the world's largest and most valuable trading community of buy-side and sell-side professionals, from global institutions and investment banks to boutique brokers and niche hedge funds.

Fidessa is a global business with scale, resilience, ambition and expertise. We're listed on the London Stock Exchange and recognised as the thought leader in our space. We set the benchmark with our unrivalled set of mission-critical products and services and, uniquely, serve both the buy-side and sell-side communities. Ongoing investment in our leading-edge, integrated solutions ensures Fidessa remains the industry's number one choice.
